

ACCOMMODATION DETAILS AND PRICE RANGE

This table makes no promises to be an accurate guide to prices or availability and is an aid for visitors to find accommodation. Many venues are full already but there is an abundance of cottages and camp sites that would offer a group good accommodation for a budget price. For a common standard, all accommodation has been graded on a price for a week for two people. This makes no allowance for single rooms, cottage or camps where there would not be a "single day tenancy" available. It is the aim of the Classic Beer and Bus Weekend for the visitor to enjoy the benefits of our beautiful Island other than through the bottom of a glass and there are many 3 - 4 day breaks available to take advantage of this. To promote the break, the Southern Vectis Bus Company offer a special 5 day Rover ticket (with a programme) and many pubs are now embracing the extended "four day" weekend as a way to promote trade. Hotels generally have a bar but only those who are recognised as "open bars" are indicated separately. Where there is uncertainty about the number of rooms, generally "5+" indicates the lowest estimated rooms or any "+" number in "rooms" is an estimate.

LOCATION

To give some indication of the location of the accommodation, a basic indicator based on 1 mile, shows that the accommodation is ("0" adjacent to a Beer and Bus venue.) (1-, 1 or 1+, using a mile as a guide, less, about or more than a mile to the route.) (For a public bus service, the same principle applies)
