

W1703 Yarmouth to Tapnell Farm

Starting from the Bus Station/Information Point, make your way south along the Riverside path, with the Old Mill in the distance. Look for footpath signs Y1 and ignore the main old train line/cycle route Y19.

Carry on through Mill Copse along Y1. This is a nice stroll, sometimes with hedges on both sides. Cross over Wilmingham Road and carry on until you reach Broad Lane, the road from Thorley. For those with a picnic, there is a seat immediately to your left. However, for Tapnell Farm, we must turn right and walk along Broad Lane. Fortunately, it does not have a lot of traffic so can be quite pleasant.

May be after 10 or 15 minutes, take footpath Y9 on your right. As this shortly then takes a right turn, it merges with footpath Y10 and after another 5 or 10 minutes, it brings you to the approach track to Tapnell Farm, which is on your right.
