

W26 Chine Inn to King Harry's.

27 (Chine Inn, Shanklin) to 26 (King Harry's, Shanklin).

Again, this is just a short walk you can complete within 10 minutes with any footwear.

Coming out of the Chine Inn, turn left and ascend steeply for a few yards, coming to Everton Lane. Follow this as it comes into Chine Avenue, which takes you into the old village. Turn left along the main road (careful, narrow pavements) you come to King Harry's on the left hand side, following a zig zag in the road.

For a more spectacular view, as you come out of the Chine Inn, on approaching Everton Lane, there are some steps immediately to your left. Go up these and admire the view of the bay at the top and as you follow the path around to the old village, Shanklin Chine is to be seen on your left.
